ABOUT EFAN

1 Who is Efan Electro?

Efan Electro is a DJ from North Wales who specialises in house music and high energy sets. Despite his age, he is an experienced performer who has played a wide range of events and is often in high demand.

2 What kind of music does Efan play?

Efan's passion is house music and electronic dance music. He carefully prepares his sets in advance and enjoys creating an energetic atmosphere for audiences who want to dance and engage with the music. No two sets are the same!

3 Is Efan suitable for every type of event?

Not necessarily. Efan performs because he genuinely loves sharing his music with an audience. His style is best suited to events where people are there to enjoy the DJ performance and the music for the dance floor is a key part of the event. If you're simply looking for background music while guests talk, another DJ may be a better fit.

4 Does Efan play children's parties?

Usually not. Although Efan is a child himself, his music style is focused on house and dance music rather than traditional children's party entertainment. That said, if you're planning a children's rave or dance-focused event, we'd be happy to discuss it!

PERFORMANCE

5 How long can Efan perform?

Efan can perform for up to 2 hours continuously. For longer events, he can perform for up to 4 hours in total with a suitable break in the middle.

6 What are the performance time restrictions?

As Efan is a child performer, all bookings must comply with child performance licensing requirements. Efan cannot perform after 11:00pm. If we are also providing the sound and lighting system, performances must finish by 10:30pm to allow sufficient time for equipment pack-down.

7 What is the minimum booking length?

1hr

FEES, TRAVEL & TECH

8 How much does it cost to book Efan?

The first hour is generally £120 and pruely to cover costs associated with preparation, tune pruchases, travel and other expesses.

For longer bookings, pricing will depend on the event location and duration. We're happy to discuss so please get in touch

9 Are there any travel costs?

Travel within North Wales is usually included. For events outside North Wales, travel expenses may apply and will be discussed when providing a quote for private events

10 Can you provide sound and lighting equipment?

Yes. We have a professional sound and lighting system that can be supplied for an additional cost. Requirements vary depending on the venue and audience size, so we'll discuss the best setup for your event as additional hire fees may be needed.

11 Does Efan support charities?

Yes. Efan occasionally performs for charities and community causes he personally supports. These opportunities are limited and subject to availability.

12 Do you offer discounted rates for festivals and major events?

Efan is always interested in opportunities to perform at festivals, large public events and high-profile showcases. For events that offer exceptional experience, exposure or promotional opportunities please get in touch.

BOOKING

13 How far in advance should we book?

As Efan is often in demand, we recommend making as early as possible, especially during school holiday times.

14 What information should we include when enquiring?

To help us provide an accurate quote, please include:

- Event date
- Venue location
- Event type
- Start and finish times
- Expected audience size
- Whether sound and lighting are required
- Any other relevant details about the event

The more information you can provide, the easier it is for us to determine whether Efan is the right fit for your event.
